READERS

Readers are an important part of the worship service. Reading the Word of God to others is a great way to serve on Sunday mornings.

Readers should feel comfortable speaking in front of the congregation, and be able to review and practice their assigned readings before the worship service. The Scripture reading for the Sunday will be emailed the reader early in the week.

Readers should arrive at least ten minutes prior to their scheduled service and check in with an elder for any special instructions.

Readers will be provided a quarterly schedule, and will approximately serve every 6 weeks.

If it is not possible to fulfill a scheduled reader time, please find a replacement. If you cannot find a replacement prior to Thursday, please notify the church office, 303-469-3521. For the current schedule, click on Serving Others-Serving in Worship-Serving Schedules.
